

DRK

dikultiv

**Beeinträchtigt ist man nicht,
beeinträchtigt wird man!**

We gladly help!

Do you know children and adolescents who need help in every day's life due to illness or restriction? Then there we are! We support, advise and inform children and young people as well as their families with a migrant and/or an fugitive background about their rights and entitlements.

Info events and workshops are just as much a part of our program as great leisure activities.

Get in Touch with us!
